bb-cream

THE BEST MIX OF SCINCARE AND MAKE-UP

Active ingredients such as vitamin E, D-panthenol, and hyaluronic acid help to moisturize the skin and smooth out fine wrinkles. The complex of oligo-elements slows down aging, protects the skin from environmental stress and contamination, and activates cellular metabolism. Acmella flower extract helps to both smooth the skin and improve its firmness and elasticity.

The light texture of this cream provides delicate matting and hides imperfections. It perfectly adjusts itself to your individual skin shade and creates a natural look. This product is suitable for all skin types.
